FACULTY POSITION OPENING ANNOUNCEMENT

The Department of Civil Engineering (CE) at National Chiao Tung University (NCTU), Taiwan invites applications for a tenure-track faculty position in the division of Hydraulic and Ocean Engineering. Candidates with strong academic and research interests in hydraulic engineering, water resources engineering, water resources management, or coastal engineering are encouraged to apply. We are particularly reaching out to individuals with interests in disaster prevention, and sustainable development, as well as with interdisciplinary research interests to work collaboratively with existing faculty at NCTU and through national and international opportunities.

Qualifications: Applicants must have an earned Ph.D. degree in Civil Engineering, Hydraulic Engineering, Coastal Engineering, or in a closely related field at the time of appointment. The candidates must also demonstrate a commitment towards teaching at both undergraduate and graduate levels with the opportunity to develop new courses to enhance our undergraduate and graduate curriculum.

University and Department: NCTU located at Hsinchu City is a research-oriented university with over 5,600 undergraduate students and 9,000 graduate students. Next to the campus is the world-famous high-tech Hsinchu Science Park. The CE department currently has 29 tenured or tenure-track faculty members with over 200 undergraduates, and 300 graduate students. Hsinchu City is famous for its Science-based Industrial Park with over 0.4 million in population. It scored the highest this year on a happiness index ranking the cities and counties of Taiwan in 2016 - while also being the youngest city or county in Taiwan, with an average age of 37 years. The greater Hsinchu area offers a variety of recreational facilities, Hakka cultural activities, excellent schools, and affordable housing.

Time Frame: The start date for this appointment is February 1, 2021. Applications received before May 31, 2020 will be given priority and the review will continue until the position is filled.

How to Apply: Applications should include a cover letter, curriculum vitae, official transcript and degree certificate, a one-page statement of research, a one-page statement of teaching interests, representative academic publication, and recommendation letters if invited for interview. The application and associated documentation should be noted as "application for new faculty position" and mailed/emailed to:
